PART II GENERAL PROVISIONS

STATEMENTS; ENTIRE CONTRACT; CHANGES: No statement made by an Insured Person shall avoid the insurance or reduce benefits thereunder unless contained in a written instrument signed by the Insured Person. All statements contained in any such written instrument shall be deemed representations and not warranties. This policy, including the endorsements and attached papers, if any, and the application of the Policyholder shall constitute the entire contract between the parties. No agent has authority to change this policy or to waive any of its provisions. No change in the policy shall be valid until approved by an executive officer of the Company and unless such approval be endorsed hereon or attached hereto. Such an endorsement or attachment shall be effective without the consent of the Insured Person but shall be without prejudice to any claim arising prior to its Effective Date.

PAYMENT OF PREMIUM: All premiums are payable in advance for each policy term in accordance with the Company's premium rates. The full premium must be paid even if the premium is received after the policy Effective Date. There is no pro-rata or reduced premium payment for late enrollees. There will be no refunds to students who cancel coverage under the policy; unless the Insured enters the armed forces.

Premium adjustments involving return of unearned premiums to the Policyholder will be limited to a period of 12 months immediately preceding the date of receipt by the Company of evidence that adjustments should be made. Premiums are payable to the Company.

NOTICE OF CLAIM: Written notice of claim must be given to the Company within 90 days after the occurrence or commencement of any loss covered by this policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the Named Insured to the Company with information sufficient to identify the Named Insured shall be deemed notice to the Company.

CLAIM FORMS: Claim forms are not required.

PROOF OF LOSS: Written proof of loss must be furnished to the Company at its office within 90 days after the date of such loss. Failure to furnish such proof within the time required will not invalidate nor reduce any claim if it was not reasonably possible to furnish proof. In no event, except in the absence of legal capacity, shall written proof of loss be furnished later than one year from the time proof is otherwise required.

TIME OF PAYMENT OF CLAIM: Indemnities payable under this policy for any loss will be paid upon receipt of due written proof of such loss.

PAYMENT OF CLAIMS: All benefits are payable to the Insured. If the Insured is a minor, such benefits may be made payable to his or her parent or legal guardian. A loss of life benefit, if any, will be paid in accordance with the beneficiary designation in effect at the time of payment. If none is then in effect, that benefit shall be paid to the estate of the Insured Person. Any other benefits unpaid at the death of the Insured Person may, at the Company's option, be paid to the beneficiary (other than the Policyholder or an officer of the Policyholder as such) or the Insured Person's estate. Subject to any written direction of the Insured, all or a portion of any indemnities provided by this policy may be paid directly to the Hospital, Physician or person rendering such service or treatment. Any payment so made shall discharge the Company's obligation to the extent of the amount of benefits so paid.

PHYSICAL EXAMINATION: As a part of Proof of Loss, the Company at its own expense shall have the right and opportunity: 1) to examine the person of any Insured Person when and as often as it may reasonably require during the pendency of a claim; and, 2) to have an autopsy made in case of death where it is not forbidden by law. The Company has the right to secure a second opinion regarding treatment or hospitalization. Failure of an Insured to present himself or herself for examination by a Physician when requested shall authorize the Company to: (1) withhold any payment of Covered Medical Expenses until such examination is performed and Physician's report received; and (2) deduct from any amounts otherwise payable hereunder any amount for which the Company has become obligated to pay to a Physician retained by the Company to make an examination for which the Insured failed to appear. Said deduction shall be made with the same force and effect as a Deductible herein defined.

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of 2 years after the time written proofs of loss are required to be furnished.

GENERAL PROVISIONS (Continued)

SUBROGATION: When benefits are paid to or for an Insured under the terms of this policy, the Company shall be subrogated, unless otherwise prohibited by law, to the rights of recovery of such Insured for Hospital, medical, or surgical services and benefits. The right of subrogation will only be exercised by the Company when the amounts (or portion) received by the Insured through a third-party settlement or satisfied judgment is specifically identified as amounts paid for Hospital, medical or surgical services and benefits. Such subrogation rights shall extend only to the recovery by the Company of the benefits it has paid for such hospitalization and treatment. The Insured shall execute and deliver such instruments and papers as may be required and do whatever else is necessary to secure such rights to the Company.

RIGHT OF RECOVERY: Payments made by the Company which exceed the Covered Medical Expenses (after allowance for Deductible and coinsurance clauses, if any) payable hereunder shall be recoverable by the Company from or among any persons, firms, or corporations to or for whom such payments were made or from any insurance organizations who are obligated in respect of any covered Injury or Sickness as their liability may appear.

PART IX
INSURED PERSON'S RIGHT TO AN EXTERNAL APPEAL

An Insured Person or an Insured's representative and, in connection with a Retrospective Adverse Determination, an Insured's Physician have a right to an external appeal of a denial of benefits. If benefits are denied under this policy on the basis that the service is not a Medical Necessity or is an experimental or investigational treatment, an Insured Person or his representative and, in connection with a Retrospective Adverse Determination, an Insured's Physician may appeal that decision to an External Appeal Agent. An External Appeal Agent is an independent entity certified by New York State to conduct such appeals.

A Retrospective Adverse Determination is a determination for which utilization review was initiated after health care services have been provided. Retrospective Adverse Determination does not mean a pre-authorization denial or a determination involving continued or extended health care services or additional services for a patient undergoing a course of continued treatment.

Insured Person's Right To Appeal A Determination That A Service Is Not A Medical Necessity

If benefits are denied under this policy on the basis that the service is not a Medical Necessity, an Insured Person may appeal to an External Appeal Agent if the Insured Person satisfies the following two (2) criteria:

1. The service, procedure or treatment must otherwise be a Covered Medical Expense under this policy; and
2. The Insured Person must have received a final adverse determination through the Company's internal appeal process and the Company must have upheld the denial or the Insured Person and the Company must agree in writing to waive any internal appeal.

Insured Person's Rights To Appeal A Determination That A Service Is Experimental Or Investigational

If benefits are denied under this policy on the basis that the service is an experimental or investigational treatment, an Insured Person may appeal to an External Appeal Agent if the Insured Person satisfies the following two (2) criteria:

1. The service must otherwise be a Covered Medical Expense under this policy; and
2. The Insured Person must have received a final adverse determination through the Company's internal appeal process and the Company must have upheld the denial or the Insured Person and the Company must agree in writing to waive any internal appeal.

In addition, the Insured Person's attending Physician must certify that the Insured Person has a Life-Threatening or Disabling Condition or Disease. A "life-threatening condition or disease" is one which, according to the current diagnosis of the Insured Person's attending Physician, has a high probability of death. A "disabling condition or disease" is any medically determinable physical or mental impairment that can be expected to result in death, or that has lasted or can be expected to last for a continuous period of not less than twelve (12) months, which renders the Insured Person unable to engage in any substantial gainful activities. In the case of a child under the age of eighteen, a "disabling condition or disease" is any medically determinable physical or mental impairment of comparable severity.

The Insured Person's attending Physician must also certify that the Insured Person's Life-Threatening or Disabling Condition or Disease is one for which standard health services are ineffective or medically inappropriate or one for which there does not exist a more beneficial standard service or procedure covered by this policy or one for which there exists a clinical trial (as defined by law).

In addition, the Insured Person's attending Physician must have recommended one of the following:

1. A service, procedure or treatment that two (2) documents from available medical and scientific evidence indicate is likely to be more beneficial to the Insured Person than any standard covered service (only certain documents will be considered in support of this recommendation - the Insured Person's attending Physician should contact the New York State Department of Insurance in order to obtain current information as to what documents will be considered acceptable); or
2. A clinical trial for which the Insured Person is eligible (only certain clinical trials can be considered).

For the purposes of this section, the Insured Person's attending Physician must be a licensed, board-certified or board eligible physician qualified to practice in the area appropriate to treat the Insured Person's Life-Threatening or Disabling Condition or Disease.

INSURED PERSON'S RIGHT TO AN EXTERNAL APPEAL *(Continued)*

The External Appeal Process

If, through the Company's internal appeal process, the Insured Person has received a final adverse determination upholding a denial of benefits on the basis that the service is not a Medical Necessity or is an experimental or investigational treatment, the Insured Person has 45 days from receipt of such notice to file a written request for an external appeal. If the Insured Person and the Company have agreed in writing to waive any internal appeal, the Insured Person has 45 days from receipt of such waiver to file a written request for an external appeal. The Company will provide an external appeal application with the final adverse determination issued through the Company's internal appeal process or its written waiver of an internal appeal.

The Insured Person may also request an external appeal application from the New York State Department of Insurance at 1 (800) 400-8882. The completed application should be submitted to the New York State Department of Insurance at the address indicated on the application. If the Insured Person or, where applicable, the Insured's Physician satisfies the criteria for an external appeal, the New York State Department of Insurance will forward the request to a certified External Appeal Agent.

The Insured Person and the Insured's Physician, where applicable, will have an opportunity to submit additional documentation with his request. If the External Appeal Agent determines that the information the Insured Person submits represents a material change from the information on which the Company based its denial, the External Appeal Agent will share this information with the Company in order for the Company to exercise its right to reconsider its decision. If the Company chooses to exercise this right, the Company will have three (3) business days to amend or confirm its decision. Please note that in the case of an expedited appeal (described below), the Company does not have a right to reconsider its decision.

In general, the External Appeal Agent must make a decision within 30 days of receipt of the Insured Person's completed application. The External Appeal Agent may request additional information from the Insured Person, his Physician or the Company. If the External Appeal Agent requests additional information, it will have five (5) additional business days to make its decision. The External Appeal Agent must notify the Insured Person in writing of its decision within two (2) business days.

If the Insured Person's attending Physician certifies that a delay in providing the service that has been denied poses an imminent or serious threat to the Insured Person's health, the Insured Person may request an expedited external appeal. In that case, the External Appeal Agent must make a decision within three (3) days of receipt of the completed application. Immediately after reaching a decision, the External Appeal Agent must try to notify the Insured Person and the Company by telephone or facsimile of that decision. The External Appeal Agent must also notify the Insured Person in writing of its decision.

If the External Appeal Agent overturns the Company's decision that a service is not a Medical Necessity or approves benefits for an experimental or investigational treatment, the Company will provide benefits subject to the other terms and conditions of this policy. Please note that if the External Appeal Agent approves benefits for an experimental or investigational treatment that is part of a clinical trial, this policy will only cover the costs of services required to provide treatment to the Insured Person according to the design of the trial. The Company shall not be responsible for the costs of investigational drugs or devices, the costs of non-health care services, the costs of managing research, or costs which would not be covered under this policy for non-experimental or non-investigational treatments provided in such clinical trial.

The External Appeal Agent's decision is binding on both the Insured Person and the Company. The External Appeal Agent's decision is admissible in any court proceeding.

The Company will charge the Insured Person a fee of \$50 for an external appeal. The external appeal application will instruct the Insured Person on the manner in which he must submit the fee. The Company will also waive the fee if the Company determines that paying the fee would pose a hardship to the Insured Person. If the External Appeal Agent overturns the denial of benefits, the fee shall be refunded to the Insured Person.

Insured Person's and Insured Person's Physician's Responsibilities

It is the Insured Person's or, for appeal of a Retrospective Adverse Determination, the Insured's Physician's responsibility to initiate the external appeal process. The external appeal process may be initiated by filing the completed appropriate application with the New York State Department of Insurance (For Insureds, New York State External Appeal Application for Health Care Consumers; for Physicians, New York State External Appeal Application for Health Care Providers. For Retrospective Adverse Determination appeals, the Insured Person must sign an acknowledgement of the request and sign a consent to release of medical records.

POLICY ENDORSEMENT

In consideration of the premium charged, it is hereby understood and agreed that the policy to which this endorsement is attached is amended as follows:

COORDINATION OF BENEFITS PROVISION

Definitions

- (1) **Allowable Expenses:** Any necessary, reasonable, and customary item of expense, a part of which is covered by at least one of the Plans covering the Insured Person.

An Allowable Expense to a Secondary Plan includes the value or amount of any Deductible Amount or Coinsurance Percentage or amount of otherwise Allowable Expenses which was not paid by the Primary or first paying Plan.

- (2) **Plan:** A group insurance plan or health service corporation group membership plan or any other group benefit plan providing medical or dental care treatment benefits or services. Such group coverages include: (a) group or blanket insurance coverage, or any other group type contract or provision thereof; this will not include school accident coverage for which the parent pays the entire premium; (b) service plan contracts, group practice and other pre-payment group coverage; (c) any coverage under labor-management trustees plans, union welfare plans, employer and employee organization plans; and (d) coverage under governmental programs, including Medicare, and any coverage required or provided by statute.
- (3) **Primary:** The Plan whose benefits for a person's health care coverage must be determined without taking the existence of any other plan into consideration.
- (4) **Secondary:** The Plan which is not a Primary plan.
- (5) **We, Us or Our:** The Company named in the policy to which this endorsement is attached.

Effect on Benefits - If an Insured Person has medical and/or drug coverage under any other Plan, all of the benefits provided are subject to coordination of benefits.

During any policy year or benefit period, the sum of the benefits that are payable by Us and those that are payable from another Plan may not be more than the Allowable Expenses.

During any policy year or benefit period, We may reduce the amount We will pay so that this reduced amount plus the amount payable by the other Plans will not be more than the Allowable Expenses. Allowable Expenses under the other Plan include benefits which would have been payable if a claim had been made.

However, if: (1) the other Plan contains a section which provides for determining its benefits after Our benefits have been determined; and (2) the order of benefit determination stated herein would require Us to determine benefits before the other Plan, then the benefits of such other Plan will be ignored in determining the benefits We will pay.

This Plan determines its order of benefits using the first of the following rules which applies:

- (1) If the Insured's other Plan does not have Coordination of Benefits, that Plan pays first.
- (2) Non-Dependent/Dependent. The benefits of the Plan which covers the person as an employee, member or subscriber are determined before those of the Plan which covers the person as a Dependent.

COORDINATION OF BENEFITS PROVISION (*Continued*)

- (3) Dependent Child/Parents Not Separated or Divorced. When this Plan and another Plan cover the same child as a Dependent of different persons, called "parents":
- a. the benefits of the Plan of the parent whose birthday falls earlier in a year exclusive of year of birth are determined before those of the Plan of the parent whose birthday falls later in that year; but
 - b. if both parents have the same birthday, the benefits of the Plan which covered the parent longer are determined before those of the Plan which covered the other parent for a shorter period of time.
 - c. However, if the other Plan does not have the rule described in a. above, but instead has a rule based upon the gender of the parent, and if, as a result, the Plans do not agree on the order of benefits, the rule in the other Plan will determine the order of benefits.
- (4) Dependent Child/Separated or Divorced Parents. If two or more Plans cover a person as a Dependent child of divorced or separated parents, benefits for the child are determined in this order:
1. first, the Plan of the parent with custody of the child;
 2. then, the Plan of the spouse of the parent with the custody of the child; and
 3. finally, the Plan of the parent not having custody of the child.
- (5) Longer/Shorter Length of Coverage. If none of the above rules determines the order of benefits, the benefits of the Plan which covered an employee, member or subscriber longer are determined before those of the Plan which covered that person for the shorter time.

Right to Recovery and Release of Necessary Information - For the purpose of determining applicability of and implementing the terms of this Provision, We may, without further consent or notice, release to or obtain from any other insurance company or organization any information, with respect to any person, necessary for such purposes. Any person claiming benefits under Our coverage shall give Us the information We need to implement this Provision. We will give notice of this exchange of claim and benefit information to the Insured Person when any claim is filed.

Facility of Payment and Recovery - Whenever payments which should have been made under our Coverage have been made under any other Plans, We shall have the right to pay over to any organizations that made such other payments, any amounts that are needed in order to satisfy the intent of this Provision. Any amounts so paid will be deemed to be benefits paid under Our coverage. To the extent of such payments, We will be fully discharged from Our liability.

Whenever We have made payments with respect to Allowable Expenses in total amount at any time, which are more than the maximum amount of payment needed at that time to satisfy the intent of this Provision, We may recover such excess payments. Such excess payments may be received from among one or more of the following, as We determine: any persons to or for or with respect to whom such payments were made, any other insurers, service plans or any other organizations.

This endorsement takes effect and expires concurrently with the policy to which it is attached, and is subject to all of the terms and conditions of the policy not inconsistent therewith.
